Sixth Week of our Season!

4085 Media Team

Welcome to Week 6 of the 2023 season! We are over halfway through our **Krispy Kreme** fundraiser, and we have made a ton of progress! Use [this link](#) to purchase donut vouchers to support the team.

We have made a lot of progress on the robot this week and are getting closer to competitions! Marketing has also been very busy with preparing for competition. We have been planning for competitions and have been getting a lot done. Check out the progress from each sub-team below.

Marketing Team

The **outreach** sub-team is recruiting people for Tobi's Toys. On top of that, they are brainstorming team spirit ideas for competition!

The **business** sub-team is creating our team's business plan for this season, and reaching out to potential sponsors.

The **media** sub-team finished editing the FIRST Impact video, and are also working on making buttons, social media posts, and more!

Build Team

The **mechanical** sub-team has been hard at work on the robot—which is almost done! They have finalized the arm/intake for the robot and are only one step away from taking it over to the next stage.

The **electrical** sub-team has planned and rearranged their electrical board and have figured out their next steps for success. Electrical has also worked with outreach to plan Tobi's Toys ideas and recruitments.

The **fabrication** sub-team began making our shirts for this season and worked on assembling in-grids for the practice field.

The **software** sub-team worked on the autonomous mode for the robot and created an auto-leveling system for the charge station of the field!
